

USS HOLLAND (AS 32)

Decommissioning Ceremony

1000, 13 April 1996
In
Apra Harbor, Guam

The Commissioning Pennant

It is a time-honored tradition, this ceremony that decommissions a ship of the United States Navy. The decommissioning ceremony signifies the ship's retirement from active service and entry into the reserve fleet. The symbols used in today's ceremony have their origins in antiquity.

During the Middle Ages the mark of knights and other nobles was a "coach whip pennant" called a pennon. The size of these pennons as well as their diverse splendor signified the rank and importance of the noble it heralded. During the infancy of modern naval sea power these nobles flew their pennons from the most visible place on the ship, usually the foremast or the main mast.

Perhaps the first time the commissioning pennant was used independent of feudal heraldry dates back to the 17th century during a conflict between the Dutch and English. Admiral Martin Harpertoon Tromp of the Dutch fleet hoisted a broom at his masthead to indicate his intention to "sweep" the English Navy from the sea. The gesture was soon answered by British Admiral William Blake who hoisted a horse whip to indicate his intentions to chastise the Dutch. The British carried out their boast and ever since a narrow coach whip pennant, symbolizing the original horsewhip, has been the distinctive mark of a vessel of war and has been adopted by all nations.

The commissioning pennant, as it is called today, is blue at the hoist, with a union of seven white stars, and is red and white at the fly, in two horizontal stripes. The number of stars is arbitrary. The pennant is flown at the main by vessels not carrying flag officers.

Today's ceremony and its participants are enacting an age-old tradition handed down over the centuries. When the commissioning pennant is finally lowered from the main and handed over to the commanding officer, the ship is officially retired.

Decommissioning Ceremony Schedule of Events

Musical Selections

COMSEVENTHFLT Band, Yokosuka, Japan

Arrival of Official Party

Parade the Colors

National Anthem

Guam Hymn

•

Post Colors

Invocation

Lieutenant Walter M. Dinkins, CHC, USNR

•

Remarks & Introduction of Guest Speaker

Rear Admiral Al Konetzni, USN

Departure of Official Party

Reception

Vice Admiral Frank Lee Bowman

United States Navy

Chief of Navy Personnel

Vice Admiral Frank L. "Skip" Bowman was born and grew up in Chattanooga, Tennessee. He was commissioned an ensign following his graduation from Duke University in June 1966. He subsequently completed a dual master's program at the Massachusetts Institute of Technology and was awarded master of science degrees in nuclear engineering and naval architecture/marine engineering in July 1973.

His first shipboard assignment was in USS SIMON BOLIVAR (SSBN 641) (GOLD). During the course of his career, he has served aboard USS POGY (SSN 647), USS DANIEL BOONE (SSBN 629) (BLUE), and USS BREMERTON (SSN 698) (as executive officer). In 1983, VADM Bowman took command of USS CITY OF CORPUS CHRISTI (SSN 705), which completed a seven-month circumnavigation of the globe during his command tour. His crew earned three consecutive Battle Efficiency "E" awards, the Meritorious Unit Citation, the Navy Expeditionary Medal, and the Arctic Service Award. VADM Bowman later commanded USS HOLLAND (AS 32) from August 1988 to April 1990. During this period, the HOLLAND crew was awarded two Battle Efficiency "E" awards, a Meritorious Unit Citation, and a Humanitarian Service Medal.

Ashore, VADM Bowman has served on the staffs of Commander, Submarine Squadron FIFTEEN, in Guam; Commander, Naval Military Personnel Command, in Washington, D.C., as the Nuclear Submarine Placement Officer and Executive Officer Detailer. In addition, he has served as the SSN-21 Attack Submarine Program Coordinator on the staff of the Chief of Naval Operations (OP-22); on the Chief of Naval Operations' Strategic Studies Group; as Executive Assistant to the Deputy Chief of Naval Operations (Naval Warfare); and as the Navy's Nuclear Program Manager and Head Submarine Detailer. In December 1991, he was selected for flag rank and assigned as Deputy Director of Operations on the joint Staff U-3) until June 1992, and then as Deputy Director for Political-Military Affairs U-5) until July 1994.

On 22 July 1994, VADM Bowman assumed duties as Chief of Naval Personnel; he was promoted to his present rank on 25 July 1994.

VADM Bowman has been awarded the Defense Distinguished Service Medal, the Legion of Merit (with three gold stars), the Meritorious Service Medal (with two gold stars), the Navy Commendation Medal, the Navy Achievement Medal, the Meritorious Unit Commendation (with one bronze star), the Navy Expeditionary Medal (with one bronze star), the National Defense Service Medal (with one bronze star), the Humanitarian Service Medal (with one bronze star), the Sea Service Deployment Ribbon (with two bronze stars), the Navy Arctic Service Ribbon, and the Navy and Marine Corps Overseas Service Ribbon.

VADM Bowman is married to the former Linda Anne Rich of Chattanooga, Tennessee. Their son, Greg, is a lieutenant in the submarine Navy; their daughter, Christy, is a registered nurse at Egelston Children's Hospital in Atlanta, Georgia.

Vice Admiral Frank Lee Bowman

*United States Navy
Chief of Naval Personnel*

Rear Admiral Al Konetzni, USN
Commander Submarine Group SEVEN
Commander Submarine Force, U.S. SEVENTH Fleet
Commander Submarine Force, U.S. FIFTH Fleet

Rear Admiral Albert H. Konetzni, jr was born in New York City in 1944. He attended Archbishop Stepinac High School in White Plains, New York, and entered the U.S. Naval Academy in 1962. He graduated with merit and was commissioned in 1966, having earned a Bachelor of Science degree.

Following graduation, Rear Admiral Konetzni attended Naval Submarine School in New London, Connecticut, Nuclear Power School in Mare Island, California, and Naval Nuclear Power Prototype Training in West Milton, New York. He reported to USS MARIANO G. VELLEJO (SSBN 658) (GOLD) in 1968. In 1970, Rear Admiral Konetzni reported to the U.S. Naval Academy and served as a Company Officer.

In 1972, Rear Admiral Konetzni reported to the precommissioning unit of USS WILLIAM H. BATES (SSN 680) under construction in Pascagoula, Mississippi, and served as Engineer Officer through commissioning until 1976. Rear Admiral Konetzni served as Executive Officer, USS KAMEHAMEHA (SSBN 642) (GOLD) from June 1976 to December 1978. In December 1978, Rear Admiral Konetzni reported to the Naval Military Personnel Command and served as Submarine Placement Officer and Executive Officer Detailer. He commanded USS GRAYLING (SSN 646), a nuclear powered fast attack submarine from August 1981 until May 1984.

Rear Admiral Konetzni served as Deputy Commandant of the U.S. Naval Academy from August 1984 until May 1987. He commanded Submarine Squadron SIXTEEN from May 1987 until July 1989. After his squadron command, he served as Senior Fellow of the Chief of Naval Operations Strategic Studies Group. Rear Admiral Konetzni served as Deputy Director of the Submarine Strategic Division in the Office of the Assistant Chief of Naval Operations (Undersea Warfare) from July 1990 until April 1991. From April 1991 to April 1993, he served as Chief of Staff to Commander Submarine Force, U.S. Atlantic Fleet. He served as Director, Attack Submarine Division (N872) at the Pentagon from June 1993 until February 1994. Prior to assuming his current duties, he served as the Assistant Chief of Naval Personnel for Total Force Programming and Manpower (PERS-5) and Assistant Chief of Naval Personnel for Personnel Policy and Career Progression (PERS-2)

Rear Admiral Konetzni is entitled to wear the Legion of Merit with four gold stars, the Meritorious Service Medal with two gold stars, the Navy Commendation Medal with two gold stars and the Navy Achievement Medal. He holds a Master's Degree in Industrial Personnel Management from George Washington University and is the co-author of Command at Sea.

Rear Admiral Konetzni and his wife Shirley (MISSy) have six adult children

Rear Admiral Al Konetzni

*United States Navy Commander Submarine Group SEVEN
Commander Submarine Force, U.S. SEVENTH Fleet
Commander Submarine Force, U.S. FIFTH Fleet*

Captain J. William Winney, Jr.
United States Navy
Commanding Officer, USS HOLLAND (AS 32)

Captain Winney attended the U.S. Naval Academy graduating with the Class of 1972. He then attended Nuclear Propulsion Training and Basic Submarine School. From April 1974 through June 1976 he served onboard USS HAMMERHEAD (SSN 663), conducting Mediterranean and North Atlantic deployments. An assignment followed as an instructor at the S5G Nuclear Prototype in Idaho Falls, Idaho.

Captain Winney was then ordered to the Submarine Officers advanced Course in New London, Connecticut and was subsequently ordered to USS FRANCIS SCOTT KEY (SSBN 657) (GOLD) as Engineering Officer, reporting in April 1979. While onboard USS FRANCIS SCOTT KEY, the ship completed initial at sea testing and first deployment of the Trident I C-4 Missile. Following this he was ordered to USS JAMES K. POLK (SSBN 645) (GOLD) as Executive Officer, conducting Post Overhaul Shakedown Operations and four patrols. He was then ordered to the Staff of the Chief of Naval Operations at the Pentagon as the Tomahawk Cruise Missile Program Coordinator, reporting in November 1985.

Captain Winney was ordered to Prospective Commanding Officer Training in April 1988 and assumed Command of USS BENJAMIN FRANKLIN (SSBN 640) (GOLD) in November 1988. During his tour BENJAMIN FRANKLIN underwent Post Overhaul Shakedown and four patrols. In 1989 BENJAMIN FRANKLIN was selected to receive the Atlantic Fleet's Fleet Ballistic Missile Submarine Outstanding Performance Award. BENJAMIN FRANKLIN was awarded the Battle Efficiency "E" and a Meritorious Unit Commendation Award in 1990. Captain Winney was assigned to United States Strategic Command (USSTRATCOM) Offutt Air Force Base, Nebraska in March 1992. He assumed duties as Chief, Command and Control on stand up of STRATCOM in June 1992.

Captain Winney assumed command of USS HOLLAND on 1 July 1994. The HOLLAND has since deployed seven times in support of the SEVENTH Fleet. The HOLLAND was awarded the COMSUBPAC Battle Efficiency "E", Repair "R", Supply "E", Medical "M", Deck "D" and Engineering "E" for 1994 and 1995.

Captain Winney is entitled to wear the Defense Superior Service Medal, Legion of Merit, Meritorious Service Medal, and the Navy Commendation Medal with a Gold Star.

Captain Winney's wife Louise, of Edgewood, Maryland, and three sons, Jason, William, and Andrew reside in Cuam

Captain J. W. Winney, Jr.
*United States Navy Commanding
Officer, USS HOLLAND (AS 32)*

Commander Bernard R. Downs
United States Navy
Executive Officer, USS HOLLAND (AS 32)

Commander Bernard R. Downs is a native of Athertonville, Kentucky. He graduated from Saint Catherine's High School, entered the Navy in 1967 and completed recruit training in Great Lakes, Illinois.

Commander Downs reported to his first assignment onboard USS GUAM (LPH 9) in August 1967 as a deck seaman. Following this, he was ordered to USS SIMON LAKE (AS 33) as the Deck Department Leading Petty Officer. His next orders were to Mine Force Support Group, Charleston, South Carolina. After two years, he was then ordered to USS ORION (AS 18) where he was commissioned in 1977 under the Limited Duty Officer Program.

Commander Downs was ordered to USS COMPASS ISLAND (AG 153) as ship's Bos'n. In 1979 he was assigned once again to USS SIMON LAKE (AS 33) in Kingsbay, Georgia as the First Lieutenant where he qualified as a Surface Warfare Officer. His next assignment was in 1982 as Executive Officer of USS WATERFORD (ARD 5) located in New London, Connecticut. In 1984 he was ordered to USS HOLLAND (AS 32) in Charleston, South Carolina as First Lieutenant. Upon completion of this tour in 1986, he was ordered to the Naval Military Personnel Command in Washington, D.C., as the Submarine Limited Duty Officer detailee. During this tour, he was selected for command and ordered to USS ALAMOGORDO (ARDM 2) as Commanding Officer from 1989 to 1991. He was then ordered to Naval Station Charleston as Port Services Officer. Commander Downs again reported to USS HOLLAND (AS 32) in July 1995 to serve as Executive Officer.

Commander Downs' personal decorations include the Meritorious Service Medal with one Gold Star, Navy Commendation with one Silver Star, the Navy Achievement Medal, the Good Conduct Medal with one Bronze Star, and the National Defense Service Medal with one Bronze Star. He has also earned the Expert Rifleman, and Pistol Shot Medals. In addition, he is entitled to wear the Navy Unit Commendation Ribbon, the Meritorious Unit Commendation Ribbon with two Bronze Stars, Navy "En Ribbon with fifteen Silver nE" Awards, and the Sea Service Deployment Ribbon with three Bronze Stars.

Commander Downs is married to the former Carolyn Sue Mattingly of Loretto, Kentucky. They *have* two daughters: Carolann Whitfield and Valerie Weber.

Commander Bernard R. Downs
United States Navy
Executive Officer, USS HOLLAND (AS 32)

The History and Mission of USS HOLLAND

USS HOLLAND (AS 32) is the third vessel to hold the name. The first HOLLAND initiated the "Silent Service" of the U.S. Navy as a small cigar-shaped submarine launched in 1897 and commissioned in 1900, following many years of engineering design and promotion by her inventor, John P. Holland. The submarine was decommissioned in 1910.

In 1926, the Navy launched and commissioned its second ship named HOLLAND (AS 3). With a unique clipper bow and displacement of 8,199 tons, the 483-foot vessel was the Navy's third ship designated as a submarine tender. In 1945, after almost single-handedly servicing and repairing Allied submarines in the South Pacific during World War II, she was refitted and redesignated as a repair ship, ARG-18. The second USS HOLLAND was decommissioned in 1952 after 26 years of service.

The USS HOLLAND (AS 32) we know today was built by Ingalls Shipbuilding, Pascagoula, Mississippi; christened by Mrs. John C. Stennis; and commissioned by Rear Admiral Lawrence R. Daspit, Commander 6th Naval District, 9 September 1963. Designed from the keel up as a Fleet Ballistic Missile (FBM) Submarine Tender, she is one of the Navy's more complex surface vessels, serving as such until December 1991. HOLLAND's mission is now to service and maintain both submarines and surface ships in the highest state of readiness. From January to April 1992, HOLLAND underwent conversion to allow her to support fast-attack (SSN) submarines.

HOLLAND has been forward-deployed to Rota, Spain (1964-1966 and 1969-1972); Holy Loch, Scotland (1975-1982) and Diego Garcia. In between deployments to Spain and Scotland, HOLLAND was homeported in Charleston, South Carolina. From April to October 1983, HOLLAND, departing from Naval Station, Charleston, South Carolina, made a world cruise covering more than 25,000 miles, transiting both the Suez and Panama Canals and making port calls at Palma Majorca, Spain and Perth, Australia. In November 1983, HOLLAND assumed duties as flagship Commander Submarine Squadron EIGHTEEN and resident tender at Naval Weapons Station, Charleston, South Carolina. In June 1992, HOLLAND became the deployed WESTPAC submarine tender in the Western Pacific. Her current homeport is Apra Harbor, Guam.

Throughout the years, HOLLAND has earned significant recognition for her many achievements in carrying out her vital mission. Her Gold Battle II^E was awarded by Commander Submarine Force, U.S. Atlantic Fleet for being the premier FBM Tender in the Atlantic Fleet for five consecutive years. The Commander in Chief, U.S. Atlantic Fleet awarded HOLLAND the Golden Anchor Award for excellence in retention and personnel management and motivation on six consecutive occasions.

HOLLAND was also honored as the 1977-1978 winner of the Battenberg Cup, originated by Rear Admiral Prince Louis of Battenberg, and given to the U. S. Navy in 1905. Formerly known as the British Challenge Cup, it is a symbol of "extraordinary recognition within the U. S. Atlantic Fleet." It is awarded to the ship

whose crew has most distinguished itself through outstanding performance in all areas.

HOLLAND received the Meritorious Unit Commendation Award for distinguished mission accomplishment during the periods of November 1976 through December 1978, January 1979 through January 1982, and throughout 1989. This prestigious award is given to Navy ships by the Secretary of the Navy for distinguishing themselves as outstanding, compared to other ships tasked with a similar mission.

Among other awards through the years, HOLLAND won the Battle Efficiency "E" in 1989, 1990, 1993, 1994 and 1995 for overall excellence in mission effectiveness. In 1984, 1991, 1993, and 1994 HOLLAND was awarded the Supply BLUE "E" for outstanding logistics support. In 1990, 1993, 1994, and 1995 HOLLAND was awarded the Repair RED "R" for overall excellence in repair support to the fleet. In 1985, 1990, 1994 and 1995 she won the Engineering RED "E" for excellence in propulsion plant readiness. The prestigious NEY Food Service Award was earned by HOLLAND in 1988, 1989, and 1991 - an unprecedented testament to outstanding food service. In 1988, 1994 and again in 1995 HOLLAND added a Deck WHITE "D"; in 1989 and 1990 she was awarded the Damage Control RED "D" and Weapons BLACK "W" in both 1989 and 1994; in 1991 and 1995 the Dental YELLOW "D"; and in 1989, 1990 and 1994 the Medical YELLOW "M." HOLLAND's crew also received the Humanitarian Service Medal for participating in the cleanup efforts in Charleston, South Carolina following Hurricane HUGO and in Agana, Guam following Super Typhoon OMAR in 1992.

In April 1994, while in transit to Sasebo, Japan, HOLLAND rescued 10 Chinese and Korean fishermen whose boat had capsized in the waters off the coast of Guam.

HOLLAND has seen many ports-of-call since her arrival in the Western Pacific in 1992. The homeport change from Charleston, South Carolina to Guam allowed HOLLAND to visit Cartagena, Colombia and Pearl Harbor, Hawaii. After finally reaching Guam, HOLLAND made 18 port visits. Some of these visits were to fix and support ships and submarines, while other visits were liberty ports for the crew - sometimes even both. Yokosuka and Sasebo, Japan have become HOLLAND's "second homeport". With the majority of the SEVENTH Fleet residing in these two ports and anticipating the "Fixer Feeder, WESTPAC Leader's" return to perform repairs, it's no wonder HOLLAND has made six trips to Yokosuka and four Journeys to Sasebo.

Other ports-of-call include: Chinhae, South Korea (three times); Manila, Philippines (once); Darwin, Australia (once); Hong Kong, U.K. (twice); and Singapore (once). The Decommissioning Cruise will take the repair ship to Hong Kong, U.K.; Pearl Harbor, Hawaii; Vancouver, British Columbia, Canada; and finally to Bremerton, Washington. USS HOLLAND's crew has been big supporters of the Chaplain's Department Community Relations Program. HOLLAND has shown its goodwill by painting orphanages, bowling and singing.

During May of 1995, HOLLAND's crewmembers began a bond with the Kobo Orphanage. Instead of our Sailors visiting the orphanage to make repairs and spread goodwill, 47 youngsters toured HOLLAND and were taken to the Fleet Activities Bowling Alley for an afternoon of fun.

July 1995 saw HOLLAND's ambassadors of goodwill volunteering more time while in Sasebo for another good cause when 36 HOLLAND Sailors became "big buddies" to 34 children of the Seifu En Orphanage. The children shared the noon meal with their new friends on the Aft Mess Decks, and bowled two games at Sasebo's new bowling alley.

The Chaplain's Department in August 1995 with 40 volunteers delivered medical

supplies and toys to the children of the Philippine government-run Nasyon Ng Kabataan, an orphanage for abused children in Pasay City. The "Project Handclasp" was the ultimate in Community Relations projects that are designed to help those less fortunate. When HOLLAND took up liberty in Darwin, Australia, 300 Sailors were hosted by the local citizens for tours, dinner, and parties in town and the outback. Reports from the crew, local population, and the local media showed that the "Host-A-Sailor" program was an excellent way to bridge the gap between the United States and Australia.

This last year, HOLLAND has shown that she still has it after 33 long years. Repairs on the Helo Deck allowed the first Vertical Replenishment in three years and two helicopter landings; major work by the engineers to the ship's engines resulted in the first sustained full power run in ten years; then there's the three-month deployment during the summer of 1995. Between Yokosuka and Sasebo, Japan, 103,727 man-hours of work was completed on more than 3,200 individual jobs performed on 11 shore commands, five submarines, and 19 ships.

On top of the refits, the Dental Department took appointments for many of Naval Dental Clinic Yokosuka and Sasebo's active-duty patients. This allowed the Dental Clinics to do check-ups and surgery on the dependents who would normally have to wait as long as 11 months to be seen and couldn't afford the high cost of dental care in Japan. This event was so successful during the summer that the Dental Department decided to do it again when HOLLAND was in Yokosuka in November 1995.

HOLLAND made history on 1 February 1996. The Medical Department conducted the first-ever mobile Platelet Pheresis in the U.S. Navy. Platelet Pheresis is the process where whole blood is removed from the donor, spun to separate plasma from the red cells, and platelets are removed. The harvested platelets are then used for replacement in critically injured or ill personnel. Since platelets only have a five-day shelf life, frequent replenishment is required - making the importance of this event an outstanding achievement for the ships and submarines in the fleet which may not be anywhere near a hospital while deployed.

The HOLLAND's command and crew established and set the WESTPAC Tender method of doing business: "No site too far, no job too big!", it became the tender for all WESTPAC ships regardless of whether surface or submarine; and ready to operate with the Battle Force when called on.

The four years HOLLAND has served in the Western Pacific has allowed the ship to show that her two mottos are a true testament to the ship's legacy -- "World's Greatest Tender" and "Fixer, Feeder, WESTPAC Leader."

Deployments and Overhauls

USS HOLLAND (AS 32) was christened by Mrs. John C. Stennis and was commissioned 9 September 1963 by Rear Admiral Lawrence A. Dasplet, Commander 6th Naval District, in Charleston, South Carolina, with Captain Charles W. Styer becoming the first Commanding Officer of the Navy's newest Fleet Ballistic Missile Submarine Tender.

After the commissioning, HOLLAND set sail for its new homeport -- Fleet Ballistic Missile Submarine Replenishment Station Two, Rota, Spain. Soon after relieving USS PROTEUS (AS 19), USS ALEXANDER HAMILTON (SSBN 617) pulled alongside to become HOLLAND's first customer.

Eight-five refits were conducted by HOLLAND's crew before it was titled for

USS CANOPUS to relieve the ship in November 1966. HOLLAND then proceeded to FBM Replenishment Site Four, Naval Weapons Station, Charleston, South Carolina, relieving USS HUNLEY in June 1967.

In 1968, HOLLAND entered Charleston Naval Shipyard for its first overhaul; completing it in January 1969.

April 1969, HOLLAND returned to Rota, Spain for a second tour. HOLLAND came back to Charleston in December 1972.

HOLLAND departed Charleston in August 1974 heading for Puget Sound Naval Shipyard, Washington, transiting the Panama Canal for the first time. While in Washington, the Polaris Missile Magazine was removed and a prefabricated, 250-ton Poseidon magazine was set in place during HOLLAND's second overhaul.

HOLLAND transited the Panama Canal for its second time in August 1975 and finally arrived at the FBM Replenishment Site One, Holy Loch, Scotland, United Kingdom, in November 1975.

After winning five consecutive Battle Efficiency "E" Awards and Golden Anchor Awards, HOLLAND was ready for its third overhaul. She left Holy Loch in February 1982 and arrived in Charleston in December 1982. During the overhaul, HOLLAND conducted training and Logistic Loadout in preparation for a deployment to the Indian Ocean, leaving Charleston in April 1983. After transiting the Suez Canal on 22 May 1983, HOLLAND arrived in Diego Garcia in June 1983,

After spending 85 days anchored at Diego Garcia, HOLLAND then transited through the Panama Canal for the third time on 4 October 1983 and arrived in Charleston later that month. In 1989, HOLLAND made history during Operation Remora – the first ever open-ocean mooring of a Ballistic Missile Submarine. HOLLAND's crew also helped to rebuild Charleston after Hurricane Hugo unleashed its fury throughout South Carolina. HOLLAND was awarded the Humanitarian Service Medal for her efforts. In 1992, HOLLAND underwent a conversion to support fast-attack submarines (SSNs).

HOLLAND departed Charleston for its last time on 15 April 1992. Its new destination would take the ship through the Panama Canal for the fourth time and homeport her in the Western Pacific -- Apra Harbor, Guam, (coming full circle to the last of the original four FBM Replenishment Sites - Site 3) on 12 June 1992.

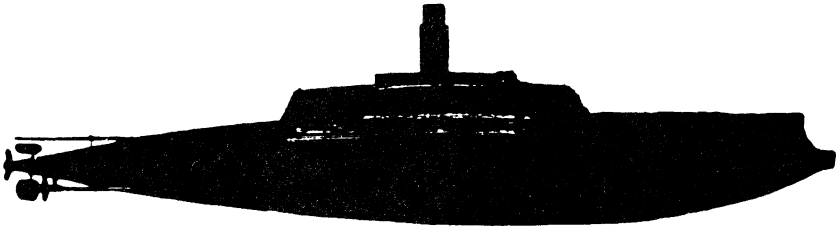

On 17 July 1992, HOLLAND assumed responsibility for forward-deployed attack submarines and Submarine Refit Site, Guam. The ship and crew were awarded the Humanitarian Service Medal for community support in response to five Typhoons, including Super Typhoon Omar and a 7.5 Richter Scale earthquake in the summer of 1992,

Some of HOLLAND's major achievements while in the Western Pacific include: achieving full-rated turns for the first time in a decade; conducting an Underway Replenishment, bringing onboard 300 tons of fuel, certifying the flight deck for helicopter operations and transporting two helos for HC-5 from Guam to meet operational requirements.

HOLLAND Facts

Built by	Ingals Shipbuilding, Pascagoula, Miss.
Commissioned	9 Sep 63
Length	599 Feet
Beam	83 Feet
Draft	24 Feet
Displacement (standard)	10/500 Tons
Displacement (full load)	19/820 Tons
Speed	20 Knots
Range	10/000 Nautical miles at 12 Knots
Personnel	54 Officers 99 CPOs 1,193 Enlisted

USS HOLLAND (AS 32)

Awards

Throughout USS HOLLAND (AS 32) 33-year history, many awards have been bestowed on her. The following is a listing of those awards:

Meritorious Unit Citations

1978-1979, 1981, 1990

Humanitarian Service Medal

1989 (Hurricane Hugo), 1992 (Super Typhoon Omar & 7.5 Earthquake)

Golden Anchor

1977, 1978, 1979, 1980, 1981, 1982, 1988

Silver Anchor

1988, 1995

Edward F. Ney Food Service Award

1988, 1989, 1991

Battle Efficiency "E"

1977, 1978, 1979, 1980, 1981, 1989, 1990, 1993, 1994, 1995

Engineering RED "E"

1984, 1985, 1990, 1994, 1995

Repair RED "R"

1990, 1993, 1994, 1995

Damage Control RED "DC"

1985, 1989, 1990

Supply BLUE "E"

1984, 1991, 1993, 1994

Deck WHITE "O"

1988, 1994, 1995

Medical YELLOW "M"

1988, 1994

Weapons BLACK "W"

1989, 1994

Dental YELLOW "O"

1991, 1995

Captain

The Job Behind the Title

The Privilege, Prestige, and the Burden of Command

Only a seaman realizes to what extent an entire ship reflects the personality and ability of one individual, her Commanding Officer. To a landsman this is not understandable, and sometimes it is even difficult for us to comprehend, but it is so. A ship at sea is a distant world unto herself, and in consideration of the protracted and different operations of the fleet units, the Navy must place great power, responsibility and trust into the hands of those leaders chosen for command.

In each ship there is one man who, in the hour of emergency or peril at sea, can turn to no other man. There is one who alone is ultimately responsible for the safe navigation, engineering performance, accurate gun firing and morale of his ship. He is the Commanding Officer. He is the ship!

This is the most difficult and demanding assignment in the Navy. There is not an instant during his tour as Commanding Officer that he can escape the grasp of command responsibility. His privileges in view of his obligations are almost ludicrously small, nevertheless command is the spur which has given the Navy its great leaders.

It is a duty which most richly deserves the highest time-honored title of the seafaring world - "Captain".

Joseph Conrad

Commanding Officers USS HOLLAND (AS 32) 1963-1996

<i>CAPT. C. W. Styer</i>	<i>7 September 1963 - 8 August 1964</i>
<i>CAPT. W. M. Pugh</i>	<i>8 August 1964 - 12 August 1965</i>

Well Done

I wish to extend my hand to each crew member onboard USS HOLLAND. You are the Miracle Workers who made the impossible happen, and did so in a manner that set the standard. You took your cue from those who have gone before onboard HOLLAND and the submarine service and you stepped out and did more. You are about to become those who have gone before..

If it wasn't for each of you, HOLLAND would not have been able to land helicopters, make sustained full power, or complete the refits we did on nearly 40 ships and submarines this year alone.

I know you will each make an outstanding addition to any ship or station in our Navy and to each of you from a grateful nation: Well Done Good and Faithful Sailor, Well Done.

J. W. WINNEY
Commanding Officer
USS HOLLAND (AS 32)
